

Dear Sixth Grade Families:

During this school year, your children will be creating a variety of projects related to the subjects that we are studying in the classroom.

Each year, instead of asking our families to help provide supplies, we ask for \$20 per student. The money will provide your student with all the supplies required for classes over the school year.

If the \$20 is a financial burden on your family, we ask that you send in what you can afford, and we will cover the remainder.

Please submit *cash* in a sealed envelope with following label:

Thank you and we are looking forward to a wonderful school year!

The Sixth Grade Team
